

Call for Abstracts

VPTA 2010 Annual Conference – Submission Deadline: Sept 10, 2010

The VPTA Research Committee is currently accepting abstracts for consideration for poster and platform presentations at the 2010 Annual Conference, October 15-17 in Herndon, Virginia.

Presentation Categories (taken from the APTA call for abstracts)

➤ **Research Report**

Presents original scientific data collected by the author(s); any established research format, both experimental and nonexperimental designs, may be used (e.g. clinical trials, descriptive studies, single-subject designs, qualitative methods, etc.)

➤ **Special Interest Report**

Presents unique and innovative concepts, ideas, devices, or products developed to meet the special needs of physical therapy; ways in which these reports can be expressed include case reports, case studies, and reports of projects

➤ **Theory Report**

Presents a theory, idea, concept, or model that describes a foundation for the practice of physical therapy. For additional information on theory, see Krebs DE, Harris SR. Elements of theory presentations in physical therapy. *Phys Ther.* 1988;68:690-693

Submission Guidelines

Presentation Format

Poster Presentation: Reports are summarized on a large poster board (3' x 6') using concise and easily readable text to present the key components of the project. Posters are set up in one area and will be on display for a set time during the conference. Authors will have an assigned time block to stand with the poster and answer questions from participants who are walking through the poster presentation area.

Platform Presentation: A 20-minute oral presentation to a seated audience (15 for presentation, 5 minutes for questions).

Abstract Format

Research Report must include the following information/subheadings:

Purpose, Background/Significance, Subjects, Methods and Materials, Analyses, Results, Conclusions, Funding Source

Special Interest Report must include the following information/subheadings unless it is a case study/report: *Purpose, Foundation* (What is the underlying basis for the report?), *Description* (What methods, materials, and principles did the project involve?), *Observations, Conclusions, Funding Source*

Theory Report must include the following information/subheadings:

Theory (Describe the theory, idea, concept, or model), *Phenomenon*

(Describe the phenomenon the theory proposes to explain, predict, or describe), *Purpose* (What is the major reason for developing the theory presented?), *Evidence* (Briefly summarize the evidence or experience that supports the theory), *Testable Hypotheses* (Give examples of testable hypotheses or propositions derived from the theory, idea, concept, or model), *Importance* (What is the importance of the theory to physical therapy?), *Funding Source*

Abstract Submission Deadline is Sept 10, 2010

Submission Requirements

Submit one copy of the abstract electronically to the research chair with information identifying the author(s) and contact person. Please indicate if the abstract is for the poster or platform presentation. The abstract should be no more than 300 words. **The electronic file must be compatible with Microsoft word.**

Note: A “blinded” copy of the abstract will be used for review by the committee. For all accepted presentations, the abstract with author identifying information will be posted on the VPTA website as a public acknowledgement of the presentation.

Evaluation and Selection of Abstracts

The VPTA Research Committee peer reviews all abstracts. Abstracts are selected on the basis of compliance with the content and format requirements, intelligibility of the abstract, and the importance of the information as it relates to physical therapy. Abstracts may be returned to authors for revision prior to final acceptance.

Notification

Notification of the committee’s decision will occur via email no later than Sept 30, 2010.

Contact Diane Wrisley, PT with any questions or concerns at 434-544-8884 or Wrisley.D@lynchburg.edu.
